INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Los Angeles Parks Foundation
Los Angeles, California

We have audited the accompanying financial statements of Los Angeles Parks Foundation (a nonprofit organization), which comprise the statement of financial position as of December 31, 2016, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Los Angeles Parks Foundation as of December 31, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

LOS ANGELES PARKS FOUNDATION
NOTES TO FINANCIAL STATEMENTS

1 Organization and purposes

The Los Angeles Parks Foundation, a nonprofit corporation, was founded in 2008. The primary purposes of the Los Angeles Parks Foundation are the solicitation of private contributions to support the expansion, improvement and preservation of parks and recreation facilities of Los Angeles and to expand programs and services for recreational, physical and cultural opportunities for the citizens of Los Angeles. The Foundation seeks funds for projects that complement, but not supplant, the responsibility of the government for continued maintenance of the facilities, staff, programs and services related to such parks and recreation facilities. Additionally, the Foundation may engage in any activities that are reasonably related to or in furtherance of its stated charitable and public purposes, or in any other charitable activities.

2 Summary of significant accounting policies

Basis of Accounting

The financial statements of the Los Angeles Parks Foundation have been prepared on the accrual basis. The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

Basis of Preparation

The Los Angeles Parks Foundation reports amounts in the accompanying financial statements for each of two classes of net assets: unrestricted net assets and temporarily restricted net assets.

Unrestricted net assets include contributions received without any donor-imposed restrictions. All expenses are reported as decreases in unrestricted net assets. Revenues, gains and losses on assets are reported as increases or decreases in unrestricted net assets unless their use is restricted by donor-imposed stipulations.

Temporarily restricted net assets are classified as such based on donor stipulations that they be used for a specified purpose or timing of use. Temporarily restricted net assets become available once the restriction has been satisfied. Once satisfied, these amounts are reclassified to unrestricted net assets and reported in the accompanying financial statements as net assets released from restrictions.

Contribution Revenue

Contributions received, including unconditional promises to give, are recognized as revenues and assets in the period received at their net realizable values. The Los Angeles Parks Foundation reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of donated assets.

NOTES TO FINANCIAL STATEMENTS

2 Summary of significant accounting policies, continued

Cash and cash equivalents

For purposes of the statement of cash flows, the Los Angeles Parks Foundation considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Investments

The Organization carries investments in certificates of deposit, equities and mutual funds with readily determinable fair values based on quoted prices in active markets (all Level 1 measurements) in the Statement of Financial Position. Unrealized gains and losses are included in the accompanying Statement of Activities.

Grants receivable

Grants receivable represents commitments made to the Foundation for specific park projects and are classified as temporarily restricted net assets. Grants receivable are expected to be realized in the amount of \$125,000 in 2017.

Concentration of credit risk

Cash and investments are held at Merrill Lynch. Under the Merrill Lynch Bank Deposit Program, cash balances are insured by the FDIC up to \$250,000 per customer. Additionally, client accounts are protected by the SIPC up to a maximum of \$500,000 per client for securities, inclusive of up to \$250,000 per client for cash. As of December 31, 2016, the uninsured balance was \$361,551. The Organization believes it is not exposed to any significant credit risk on its cash balances.

Fixed assets

Fixed assets are capitalized at cost. It is the Foundation's policy to capitalize expenditures for these items in excess of one hundred dollars. Lesser amounts are expensed. Furniture and equipment are being depreciated over estimated useful lives of three to seven years using a straight-line method. Website development costs and leasehold improvements are amortized over four years.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

LOS ANGELES PARKS FOUNDATION

NOTES TO FINANCIAL STATEMENTS

2 Summary of significant accounting policies, continued

Expense allocation

Expenses that can be specifically identified with a particular program or supporting service are charged directly to the related program or supporting service. Expenses that are associated with more than one program or supporting service are allocated based on methods determined by management.

Income taxes

The Los Angeles Parks Foundation is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation. It is also exempt from state franchise and income taxes under Section 23701(d) of the California Revenue and Taxation Code.

United States federal and state jurisdictions in which the Company files tax returns have statutes of limitations that generally range from three to four years. No open tax returns are currently under examination in the U.S. federal or state jurisdictions.

Date of management's review

Management has evaluated subsequent events through March 31, 2017, the date the financial statements were available to be issued.

3 Investments

Investments consist of certificates of deposit (CD), mutual funds and equities. The company diversified its investment in CDs to FDIC insured financial institutions to ensure each CD is at or below current \$250,000 FDIC insurance limit. At December 31, 2016, the fair market value of the investments was \$958,471, which was \$23,062 more than the cost.

Los Angeles Parks Foundation has adopted a long-term investment objective of long-term income and growth based on its investment goals and time horizon available for investment and overall risk toleration. For year ended December 31, 2016, the designated endowment funds include mutual funds and equities.
